### Select Power: Powered or Non Powered

Relic Cloud can be specified with or without integrated power. Discreet Power can be specified as an additional extra.

Relic Cloud with Power is supplied as standard with one or two cut-outs in the table top, cable tray and steel lift-out power flaps in the same color as the steel under-frame. The power flaps are available in RAL or Raw Steel finishes.

See page 22 for more details.

### Standard power configuration for Relic Cloud with Power

Both power cut-outs are available with two power configuration options. Please specify each power module option per cut-out.

#### Sawn Oak Finishes

Our Sawn Oak finishes are made from natural oak so will therefore have a rustic finish including knots and fill marks. Samples are available on request.

**Note:** Limitations in the reprographics process mean absolute color accuracy cannot be guaranteed. Where color matching is critical, a sample of the material can be provided on request. Please enquire if you require help with combinations and bespoke color choices.
