

Sail.

A white line-art illustration of a modern armchair with a square cushion, set against a dark background. The chair has a curved backrest and armrests, and a simple, cylindrical base. The cushion is placed on the seat, and a small, stylized eye-like shape is visible on its side. The overall aesthetic is minimalist and contemporary.

FRÖVI[®]

A space to collaborate.

Designed in recognition to the evolving needs of dynamic work environments, the Sail booth is a contemporary seating collection that encourages collaboration, concentration, and creativity.

Its elegant, refined, and organic design creates a soft, sleek, profile that suits most interior schemes, without the need for partitioning or division. The spacious design and generous proportions create the ideal environment for multiple users to use in exemplary comfort.

Collaborate

//

Concentrate

//

Create

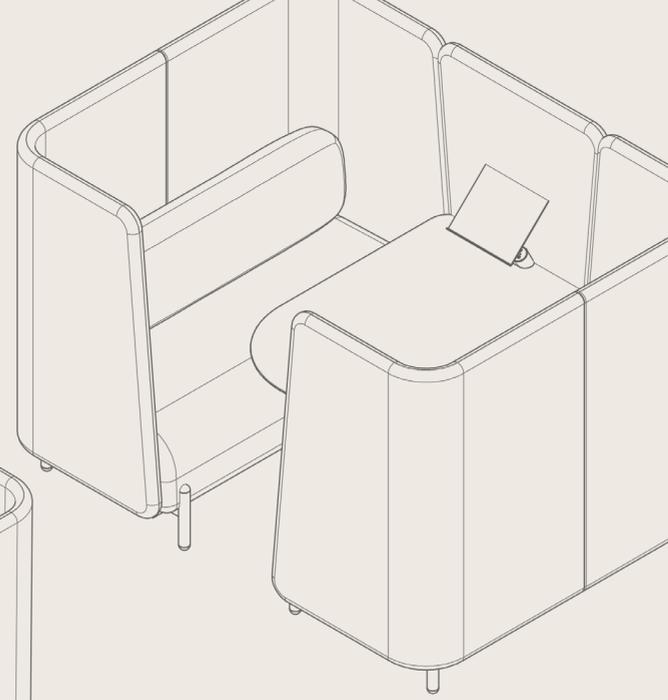

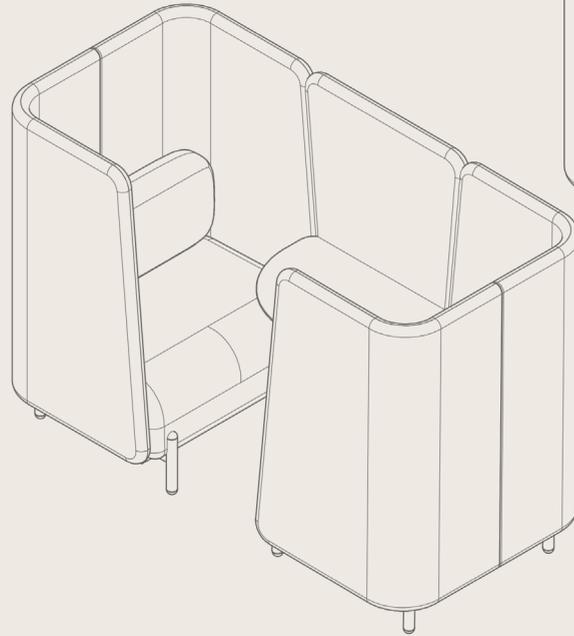

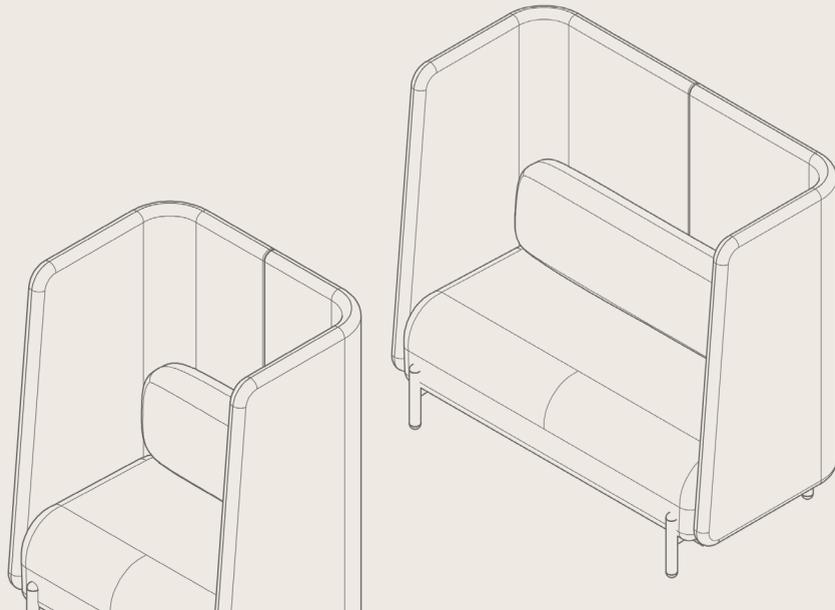

Soft edges, continuous curved corners, and elegant design create a welcoming space. The angled opening creates an inviting entrance that allows easy access when being used as a booth and offers privacy as a sofa. Generous side panels provide visual and acoustic benefits creating the ideal environment for deep thinking, or a space to relax.

A space to concentrate.

A space to create.

Sleek aesthetics are complemented by versatility. The one-seater sofa creates a space for independent tasks or a place to relax and refocus. Whereas the two and four-seater booths can come equipped with a table and laptop holder to promote productivity and encouraging users to collaborate, pitch ideas, host meetings, and present.

Versatile, configurable spaces for meetings, learning, focusing, or relaxing.

A minimalist line art illustration of a chair and a table. The chair is a modern, square-backed armchair with rounded corners and a simple, clean design. The table is a rectangular table with a slightly curved top edge and four legs. The entire illustration is rendered in white lines against a dark red background.
