

Isle.

FRÖVI[®]

Designed to create a softer more domestic feel to modern-day commercial furniture, Isle is a true expression of simplicity in form.

With a minimalistic approach to materials and design, Isle is a statement table system with an honest, playful character. The single natural material used throughout Isle's silhouette adds a softness to the surrounding space creating a consistent aesthetic, so it can be easily integrate into interior design schemes.

Soft, rounded ends promote inclusivity and social interaction, and the gentle waterfall edge coupled with the tactile finish of the wood grain creates a comfortable, calming and tranquil atmosphere. Isle approaches function in a way that is true to itself with things like cable management and below-surface power seamlessly hidden away from plain sight.
